

<b>Product Code</b>  <b>SDS-IN-RTF</b>	<b>Nominal Dimensions</b>  6" x 4" x 2.5"	
<b>Description</b>  The Retrofit Insert – Back Plate (RTF) is constructed of powder coated 16-gauge, electro-galvanized steel and fits into High Security Enclosure SEC-WM-764-H1. This new addition to the Holocom PDS product suite improves installation efficiency by eliminating the need to order and install surface mount boxes. The addition of the Retrofit Insert – Back Plate reduces installation time and provides a cleaner look inside the enclosure. The RTF includes an integrated tension relief cable management wrap, a 6-32 U-style clip for a standard single-gang faceplate attachment, and four nylon tree push-in rivets for attaching the RTF to the 764 Enclosure.
