

<b>Product Code</b>  <b>SDS-RW-SRJ</b>	<b>Nominal Dimensions</b>  3.75" x 2" x .75"	
<b>Description</b>  The Secure Raceway Joint (SRJ) replaces the Bridge in the Raceway Attachment Kit and makes Secure Raceway installation faster and easier. The SRJ covers and adds rigidity to all Secure Raceway end-to-end joints, and in suspended applications, replaces the Suspended Raceway Joint. The SRJ further improves installation efficiency with mounting points that align with the manufactured mounting points on the Secure Raceway. This eliminates the need for epoxy at the joint. Supplied individually, in the Raceway Attachment Kit (SDS-RW-AKT-03), and Secure Raceway Joint Kit (SDS-RW-BRG).
