

<b>Product Code</b>  <b>SMD-3WY-INF90-02</b>	<b>Nominal Dimensions</b>  N/A	
<b>Description</b>  The Secure Mini Dukt™ Double-Sided Three-Way INF90 Connector combines two 90° Interface Sleeves (SMD-CT-INF-90) and a section of SDS Secure Raceway in a top-mount application. The 45° angle of the INF90 provides smooth cable movement and a seamless 90° transition to two individual User Drop Boxes. Two manufactured mounting points along the centerline on the underside of the connector enhance labor efficiency. To connect the Double-Sided 3WY-INF90 to a section of Secure Raceway, use one Secure Raceway Joint (SDS-CT-SRJ) at each end of the base, and one End-to-End Connector (SDS-CT-EE6-ST) and SDS Lock Connector (SDS-LK-KIT-ST) at each end of the cover.		
<b>Specifications</b> <ul style="list-style-type: none"> <li>• 16-gauge electro-galvanized steel with 18-gauge transition to two (2) INF90 Connectors</li> <li>• Weight 1.95 lbs</li> <li>• Two (2) manufactured mounting points along base center line</li> <li>• Sold individually</li> <li>• Typically used in systems furniture applications</li> </ul> Powder Coat Finish: White Textured
