

Product Code SMD-3WY-REC-LT SMD-3WY-REC-RT	Nominal Dimensions N/A	
Description <p>The Secure Mini Dukt™ Three-Way Run End Connector combines two products—the Reducing Three-Way Connector (SMD-CT-3WY) and Run End Connector (SDS-CT-REC)—into a single product for ending a section of Secure Raceway with a Secure Mini Dukt™ user drop. The new connector improves labor efficiency by eliminating three products previously required to achieve the same goal. Two (2) manufactured points along the base center line provide additional simplified labor-saving installation. To connect the Three-Way Run End Connector to a section of 2" x 2" Secure Raceway, use one Secure Raceway Joint (SDS-CT-SRJ) and one End-to-End Connector (SDS-CT-EE6-ST). Use the Run End Connector Left (SMD-3WY-REC-LT) for raceway runs that end to the left. Use the Run End Connector Right (SMD-3WY-REC-RT) for raceway runs that end to the right.</p>		
Specifications <ul style="list-style-type: none"> • 16-gauge electro-galvanized steel with 18-gauge transition tube • Weight 2.0 lbs • Two (2) manufactured mounting points along base center line • Sold individually <p>Powder Coat Finish: White Textured</p>
