

Product Code
SMD-TW-006-12
SMD-TW-006-24

Nominal Dimensions
 1" X 12" and 1" X 24"

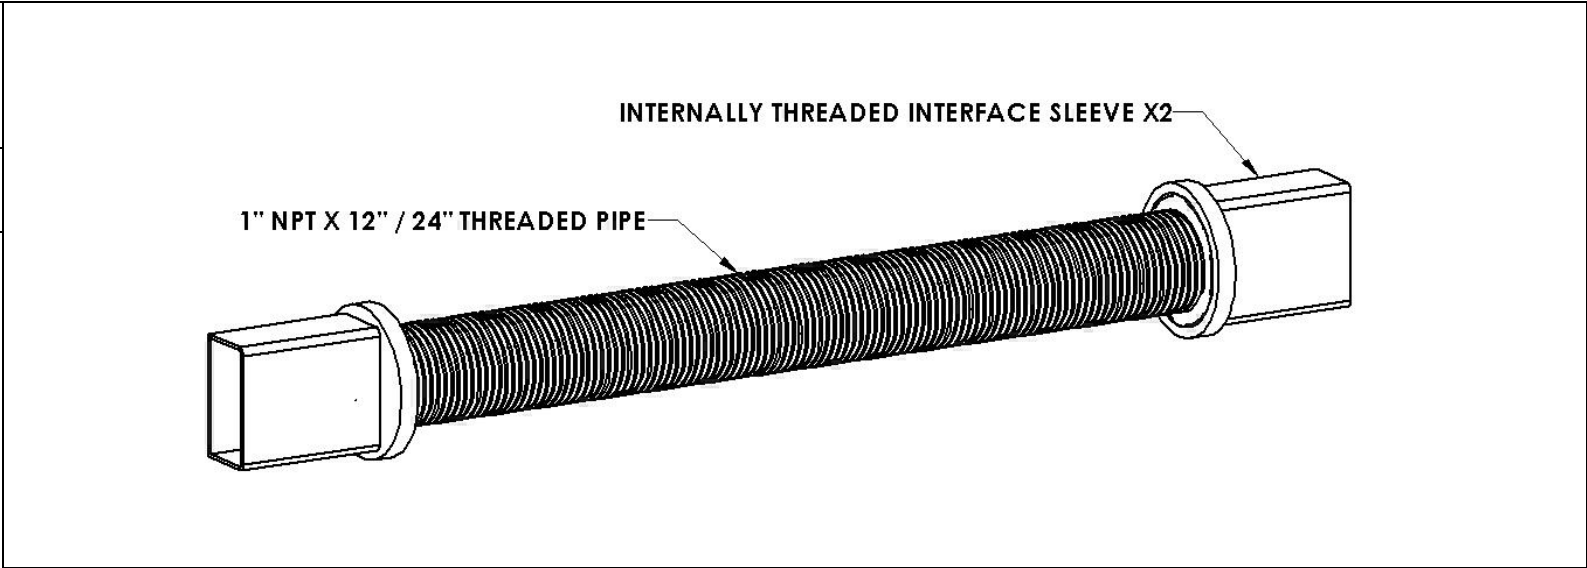

Description

The #6 Secure Mini Dukt™ (SMD) Through-Wall Kit provides a 1" through-wall pathway connecting:

- SMD Tube to SMD Tube
- SMD Tube to a SMD connector

It is supplied in kits with 12" or 24" NPT threaded pipe and two SMD Interface Sleeves. The Secure Mini Dukt™ INF is designed with internal rather than external threads. This maximizes installation efficiency in concrete walls by eliminating the need for a larger diameter coupler and corresponding larger concrete core.
